

Women's One Daily

Whole Food Multi

MediSol Pharmacy

MEDICATION SOLUTIONS FOR YOU

DESCRIPTION

Vitamins, minerals and other essential nutrients derived from food sources are believed to be better absorbed and more bioavailable than nutrients from non-food sources. The benefit of a whole food based multi, is that it results in a wide variety of essential cofactors that may help enhance nutrient digestion, absorption and bioavailability.

Our Women's One Daily Whole Food Multi is certified USDA organic, non-GMO and certified vegan. Made from powdered organic fruits, vegetables and herbs, our Women's One Daily Whole Food Multi has the full spectrum of vitamins and minerals, including efficacious potencies of B vitamins for healthy hair, skin and nails. It also provides a healthy dose of vitamin B12 in methylcobalamin and whole food complex form — a highly absorbable, active, natural form of B12.

This organic multivitamin and mineral supplement also delivers VegD3[®] vitamin D (from organic whole food complex and organic algae) for immune support and iron for blood support. Women's One Daily Whole Food Multi is formulated for the targeted needs of women, providing perfect support for today's demanding lifestyle in just one organic daily tablet.

FEATURES

- Whole food, non-GMO, simple and clean excipients
- 500 mg Organic Whole Food Complex, containing organic sesbania leaf extract, organic guava (fruit and leaf) extract, organic amla extract, organic annatto (seed and fruit) extract, organic holy basil leaf extract, organic lemon fruit peel extract and organic moringa leaf extract.
